How Personal Style Impacts The Bottom Line

The Weitz Effect works with men and women who work in fields where their professional image has a direct impact on their success.

Through style, The Weitz Effect helps increase confidence, business networks, personal relationships, income and career advancement.

WHAT PEOPLE ARE SAYING

“Andrew provided tangible value for business owners on how to up their game and make a huge impact on their bottom line. Attendees walked away with actionable steps they can implement immediately.”

- Adrienne Palmer

Entrepreneurship Export Exchange,
Conference Director

“The energy, enthusiasm and practical advice that Andrew provided were the perfect culminations to a two-day session. Participants left with clear, insightful advice and have since made changes for the better.”

- Lindsay Greenwell-Farrell

Dun & Bradstreet, Vice President

“The perspective on the importance of style, the role it plays in building confidence and the need to make your personal brand a focus worth ‘investment’ was exactly what my team needed to hear. The Weitz Effect is real!”

- Adam Michaels

AFLAC, Vice President West Coast
